

Dear Douglas Park Families,

Thank you for connecting with your child's teacher last week. Moving forward, our connections and relationships are going to be more important than ever. I know that these calls were very important for the teachers and they loved being able to connect with some of their students as well.

I also want to thank you for your patience as we as a staff work to get things in place to support your child's learning while in-class instruction has been suspended. Teachers will be sending home some information this week and the plan is to have things ready to go for Tuesday, April 14.

This is new territory for all of us and our staff is working to learn and plan for your child.

We will be setting up pick up times for next week so that parents can pick up belongings and a learning package from the school. We are working on schedule right now to ensure that we don't have too many people on site at one time. Please watch for email updates later this week.

If your family is in need of supports, please don't hesitate to contact the school and let us know. We are here to do what we can to help you during this time.

Please continue to check the district website at: <https://www.sd35.bc.ca/> for updates and FAQs.

We miss all of you and most particularly your children – we are looking forward to the time when we can all be back in the building together!

Take care,  
Diana Wilk  
Principal
